### **Hooking Rugs New Materials New**

Since hooking was a craft of poverty, rug makers put to use whatever materials were available. Antique hooked rugs were created on burlap after 1850 because burlap was free as long as one used old grain and feed bags. Every and any scrap of fiber that was no longer usable as clothing was put into rugs.

Rug Hooking Rug Hooking. Rug hooking today typically uses strips of wool of varying width (1/32 to 1/2 of an inch) that are pulled through a stiff woven backing (burlap, linen, or rug warp) with a tool (rug hook) to form loops. Variations in color and shading are accomplished with both patterns (solids, plaids, herringbone, etc.) and / or variations in the coloring of the wool (overdyeing, dip ...

A carpet is a textile floor covering typically consisting of an upper layer of pile attached to a backing. The pile was traditionally made from wool, but, since the 20th century, synthetic fibers such as polypropylene, nylon or polyester are often used, as these fibers are less expensive than wool. The pile usually consists of twisted tufts which are typically heat-treated to maintain their ...

Making Rag Rugs on a Salish Loom. A passion of mine for many years has been rugs; I simply adore wooden floors and thick rugs! Rugs crocheted from super chunky llama yarn are for special places in the house, where the delicious sensation of 'mud squelching between the toes' can be truly savoured (is that a trifle perverted do you think?), but for high-traffic areas and 'standing zones ...
