Millennium is the third studio album by American vocal pop group, the Backstreet Boys, released on May 18, 1999 by Jive Records. It was a highly anticipated follow-up to both their U.S. debut album, and their second internationally released album. It was their first album to be released in both the U.S. and internationally in the same form, at the same time.

Millennialism, also called millenarianism or chiliasm, the belief, expressed in the book of Revelation to John, the last book of the New Testament, that Christ will establish a 1,000-year reign of the saints on earth (the millennium) before the Last Judgment. More broadly defined, it is a cross-cultural concept grounded in the expectation of a time of supernatural peace and abundance on earth.

The railroad was first developed in Great Britain. A man named George Stephenson successfully applied the steam technology of the day and created the world's first successful locomotive. The first engines used in the United States were purchased from the Stephenson Works in England. Even rails were largely imported from England until the Civil War.
