1. An Introduction to SQL - Simply SQL [Book]

Then asked for tips on reading material, Simply SQL being one of six books recommended by the forum moderators. Although this book is about general pure SQL and not specific to MySql, it is in my opinion the very best book to start with period. Clearly covers in detail all aspects of SQL statements in English and presupposes nothing.

Simply SQL Rudy Limeback. This book is by far the best SQL learning book I ever purchased. I struggle in college learning SQL from books that served it's purpose of confusing me and professors that couldn't teach but hold PhDs. I wished I had this book back then...so if you are a student learning SQL, consider yourself lucky to have a book this ...
