Included among these are particularly strong sections on Title IX, the rights of the disabled in sport, and the impact of anti-trust law on professional sport leagues. That said, academic historians should not expect a rigorous work of history supported by extensive (or, in truth, any) archival evidence when they open Sports Justice .

Sports Justice: The Law and the Business of Sports (review) - Project MUSE

Overview Though for many sports today is just another part of their daily lives, it is easy to forget that just 120 years ago, many of the sports we take for granted did not yet exist, and those that did would be barely recognizable to the modern sports audience. The history of modern sports details an evolution, from games played primarily for entertainment and leisure to an industry rivaling ...
