Knapp's relational development model portrays relationship development as a ten step process, broken into two phases. Created by and named after communication scholar Mark L. Knapp, the model suggests that all of the steps should be done one at a time, in sequence, to make sure they are effective. However, not every relationship will go through these stages of development in the same way.

A relationship breakup, often referred to simply as a breakup, is the termination of an intimate relationship by any means other than death. The act is commonly termed "dumping [someone]" in slang when it is initiated by one partner. [citation needed] The term is less likely to be applied to a married couple, where a breakup is typically called a separation or divorce.
